

# Your opportunity to be mentored by an experienced OD practitioner

Are you an OD practitioner in the NHS looking for a mentor?

Do OD and the 10 local leadership academies are working in partnership to grow the OD virtual mentoring network.

OD practitioners and those working in change and transformation can access an experienced OD mentor, using a virtual process as part of a national OD mentoring network.

We are really excited to build on the successful OD virtual mentoring programme. We are offering opportunities for mentees to be matched to an experienced OD practitioner who is trained to mentor in a virtual space.

We have recruited across regional leadership academies to find a great group of experienced OD professionals who are being trained in how to maximise their mentoring skills in the virtual space.

The mentors' aim is to develop capability and capacity to enable change & transformation, to utilise and share their experience & wisdom.

What will you gain?

- High quality mentoring in the virtual space
- An opportunity to learn from the experience of others
- A safe space to stay sharp in your OD practice

What do I need to do?

- Apply on line at <https://www.surveymonkey.co.uk/r/ODVM2018MenteeAutumn>
- Commit to a minimum of three mentoring sessions
- Feedback & review your experience following the sessions.

**Apply by 30 November 2018**
