

FREEDOM TO SPEAK UP

If you are working within General Practice in Leicester, Leicestershire & Rutland and you would like to talk to someone from outside the practice for advice, guidance or to share concerns and complaint.

The Local Medical Committee trained Freedom to Speak up guardians are available to be contacted confidentially.

It is important that everyone working in General Practice is empowered to speak up.

Remember....

- Speaking up is the right thing to do.
- We welcome speaking up.
- We want to hear from anyone who has a matter to raise, including ancillary staff, clerical staff, volunteers, and temporary staff.
- Speaking up helps keep patients and service users safe and creates a more positive working environment.
- We will take seriously any instances of staff being bullied, discriminated against, harassed, or victimised for speaking up.
