

# GP FUNDING

*Did you know??*

1. Your GP surgery receives only **31p** a day to look after you

2. From this they pay for all costs, including heating and lighting, staffing, telephones, training, and medical equipment.

3. For this, every person gets access to our services as many times as needed throughout the year. On average everyone has more than **six** appointments each year.

4. What does 31p buy you in real life? 

OR

OR

OR

*A small gulp of beer*

*Less than half a pint of milk*

*Four Slices of Bread*

*One Apple*

*Please support your GP practice by using it wisely*
